With modern jukebox design and simple operating features, the LYRA is the ultimate musical experience for the eyes and ears.

The Lyra generates access to millions of songs on the internet. It allows you to listen to your favorite radio stations and stream live music online. You can build your own playlists with the comfort of a fast-acting touch screen and back up your own music from CDs, DVDs or mobile devices, attachable through USB ports. 320 GB of memory gives you space for over 60,000 mp3s. And you can share your archives with others by simply burning a CD or downloading through one of the USB ports.

We took the best jukebox and made it even better. With the ADAM ART technology, we proudly present the highest fidelity in a compact and appealing design. Experience music together on the LYRA. The sound will blow you away!

See, hear and feel

the unparalleled

Building on nearly 400 years of tradition developing the finest musical instruments and jukeboxes, paired with our integration into the GIBSON group of companies, Wurlitzer provides innovative products with guaranteed quality and longevity. We are focused on providing user-friendly, exceptionally designed jukeboxes, representing state-of-the-art technology and outstanding sound quality.

We have embraced cutting-edge technologies, having spent thousands of hours creating jukeboxes that are fast and consumer-friendly. Using the finest components available, we ensure that your WURLITZER experience will be a long-lasting one.

With a prestigious WURLITZER, you are part of a global family, where music is more than just a song. It is accessible and affordable for everyone.

Welcome to the WURLITZER family of music !

*The MIGHTY WURLITZER  
cinema and theatre organ*

*The world's most famous jukebox,  
the Wurlitzer '1015' (originally  
built in 1946), sold 56,000 units  
in its first 18 months*

*ONE MORE TIME CD - iPod<sup>®</sup>  
Limited Edition*

*CLASSIC 2000 - a replica of a  
1950s masterpiece comes to life*
