

Ice Age | ICE | Video | Ticket Redemption

One of the world's highest grossing animated movie licenses of all time is now a stunning two player skill redemption game. Sega, ICE and Play Mechanix are proud to unveil one of the most eye-catching and alluring redemption attractions to ever hit the market.

2 player | Ticket redemption | 42" horizontal LCD screen | Two 22" marquee screens | Official Ice Age license

Gameplay

The game features two sets of interactive acorn "pads" where the player tries to win the big ticket bonus by timing his hit of the acorns to crack the ice all the way through to the centre BONUS ring. Crack the ice into the centre ring and you win the operator adjustable super bonus.
